Payroll system and features listed in this quotation	1,000,000
Total project price	**UGX 1,000,000**

One million Uganda shillings only.

Payment

50% deposit	UGX 500,000 when the quotation is accepted.
50% balance	UGX 500,000 when the agreed system is delivered.

DELIVERY AND SERVICE

Training, support and installation

Training and support

- Training for Hoima Stadium staff on how to use the delivered system is included.
- TennaHub will provide support for six months after delivery. This covers help using the agreed system and correction of faults in the delivered features.
- New features and changes beyond the agreed scope are not included in the support period and will be priced separately before any work begins.

Attendance machine installation

The machine, physical installation and any cabling are not included in the UGX 1,000,000 project price. They will be priced separately.

TennaHub responsibility

- Provide a separate installation price for approval.
- If approved, coordinate and carry out the agreed installation, connect the compatible machine to the system, and test that attendance records are received.

Hoima Stadium responsibility

- Provide site access and a suitable installation location.
- Provide working power and network access and confirm the selected machine model.

> Attendance machine connection depends on compatibility of the selected Hikvision model and access to the required network and device settings. Any machine supply or additional site work will be listed separately in the installation price.

Database hosting and service notices

TennaHub Technologies Ltd will host the system database. There is no database renewal fee.

TennaHub will notify Hoima Stadium administration in writing by email at **info@tennahubapp.com** before any server migration that may interrupt system operation. For contact, call **+256 745 368 426**.

Changes after approval

The features listed in this quotation define the agreed project scope. Once approved, that scope is fixed. Any new feature or change requested during development or after delivery will need a separate price and Hoima Stadium's approval before work starts.

Acceptance

This quotation is valid for three days, until 08 October 2026. Signing below confirms agreement to the project price, scope and payment terms.
